

About PACE

The Program of All-inclusive Care for the Elderly (PACE) model is centered on the belief that it is better for the well-being of seniors with chronic care needs and their families to be served in the community whenever possible. PACE serves individuals aged 55 or older, certified by the state to need nursing home level of care, able to live safely in their community at the time of enrollment, and live in a PACE service area. Only about seven percent of PACE enrollees nationally reside in a nursing home and, if they do need nursing home care, the PACE program pays for it and continues to coordinate the enrollee's care.

Total Enrollees Served

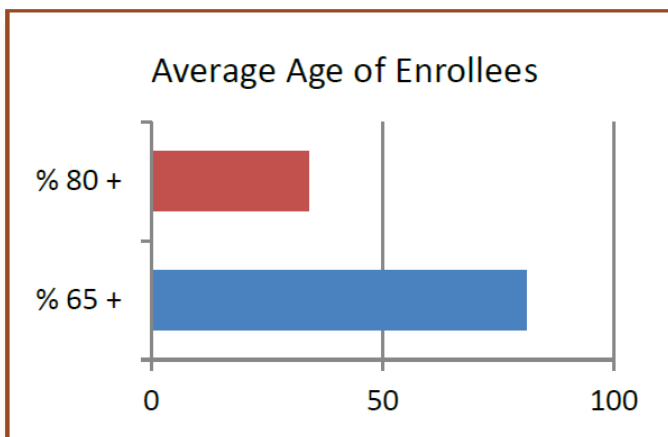

Since 2005, the operational PACE programs in California have served more than 22,000 enrollees. As of March 1, 2021, total enrollment statewide is over 12,000 participants.

Enrollee Characteristics

The data below is reported as of July 1, 2020.

Age & Residency:

The average enrollee age is 76. In California, 97 percent of PACE enrollees reside in the community, with only 3 percent living in nursing homes. 80 percent of participants are 65 or older and 33 percent are 80 or older.

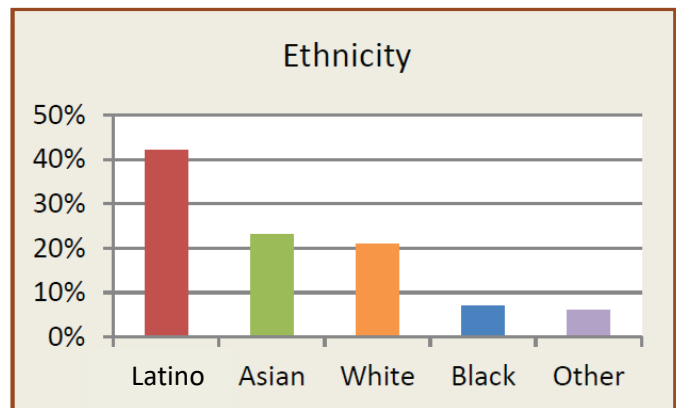

Eligibility for Medi-Cal & Medicare:

100% of enrollees are eligible for Medi-Cal. Currently 75% of enrollees are dually eligible for Medi-Cal and Medicare, and 25% are Medi-Cal eligible only.

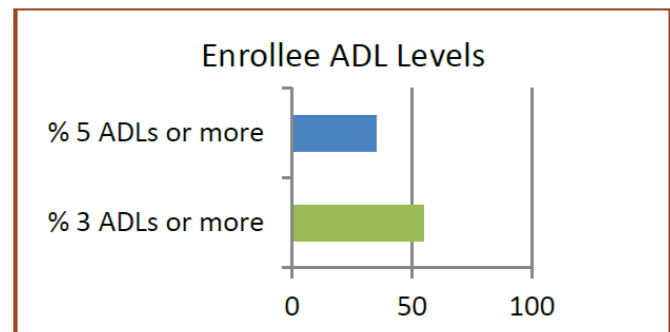

Multicultural & Multilingual:

Primary languages spoken are Spanish (40%), English (34%), and Chinese (12%).

Functional Status:

The average Activities of Daily Living (ADL)* level of PACE enrollees is 3.5.

*Routine activities include eating, bathing, getting dressed, toileting, and mobility.

CalPACE Program Characteristics

The California PACE Association (CalPACE) is a 501 (c) (6) association dedicated to the expansion of comprehensive health care services to the frail elderly through the Program of All-inclusive Care for the Elderly (PACE). CalPACE was officially incorporated in August 2007 and is one of the first statewide PACE Associations established in the United States.

As of 2020, our membership includes 20 operational PACE programs: AltaMed PACE, Brandman Centers for Senior Care (Los Angeles Jewish Home), CalOptima PACE, Center for Elders' Independence, Central Valley PACE, Family Health Centers of San Diego, Fresno and Bakersfield PACE, Gary and Mary West PACE, InnovAge Inland Empire PACE, InnovAge Sacramento PACE, North East Medical Services PACE, On Lok PACE, Redwood Coast PACE, San Diego PACE, St. Paul's PACE, Sutter SeniorCare PACE, WelbeHealth Coastline PACE, WelbeHealth Pacific PACE, WelbeHealth Sequoia PACE, WellbeHealth Sierra PACE. CalPACE members provide services through 65 PACE centers and alternative care sites in 22 counties—Alameda, Contra Costa, El Dorado, Fresno, Humboldt, Kern, Kings, Los Angeles, Madera, Orange, Placer, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, Santa Clara, San Joaquin, Stanislaus, Sutter, Tulare, and Yuba.
